

# 25mm/1" Dual Diaphragm Pump

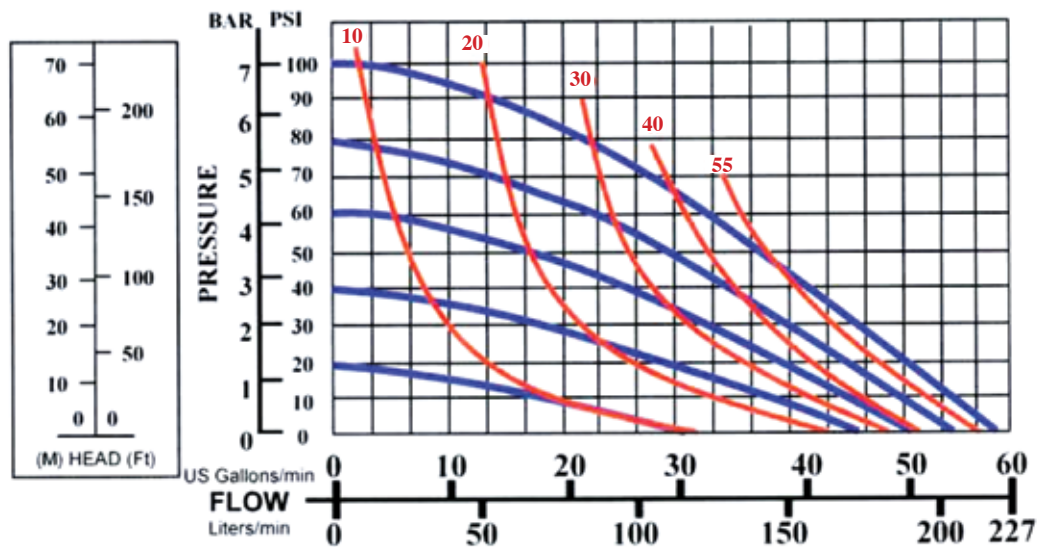

## 25mm/1" Dual Diaphragm Pumps Yellow Series - Slurry Valve P25SV-03

- **Lightweight - Only 7.3kg**  
Ease of mobility  
Worker friendly
- **Low Maintenance**  
Less downtime  
Less manual handling
- **No Lubrication**  
Pollutant free  
No oil cost
- **Self priming**  
High suction lift
- **Long Lasting Parts**  
Wear resistant plastic materials  
Unique design components  
Better handling of low PH than metal
- **Low Air Consumption 0-55cfm**  
Save on energy & CO2 emissions  
More available air for other machinery  
Lower noise level
- **Anti Icing**  
Better efficiency  
Less down time

**Yellow Series:** Designed for harsh environments • High strength/durability • Impact resistant • High Performance

<b>FLOW RATE:</b>	0-222LPM
<b>AIR CONSUMPTION:</b>	55CFM Maximum
<b>OPERATING PRESSURE:</b>	Max. 750KPa
<b>PORT SIZE:</b>	25mm (1") Female BSP or NPT
<b>AIR INLET CONNECTION:</b>	13mm (1/2") Female BSP or NPT
<b>AIR EXHAUST CONNECTION:</b>	20mm (3/4") Female BSP or NPT
<b>VERTICAL DELIVERY:</b>	70m (230ft)
<b>MAXIMUM SUCTION LIFT:</b>	8m wet or 5.5m dry
<b>MAXIMUM PARTICLE SIZE:</b>	20mm spherical
<b>PUMP MASS:</b>	7.3 - Yellow

■ = Air Pressure      ■ = Air Consumption

**\*\*DO NOT EXCEED 7.5 BAR (100PSI) AIR SUPPLY**
